TECHNICAL PARAMETERS

WIRELESS GAMING MOUSE

Model number : INNO X1	Rated voltage/current : 3.7V 8mA
Charging type : USB	Product size : 119*61*40mm
DPI: 400-26000	Battery capacity : 300 mAh
Wireless Range: 10 meters	Operating Mechanism : photoelectric
Battery type: Rechargeable	Charging interface : Type-C
Wireless technology : 2.4GHz	Ergonomics supported : Yes

USER SAFETY

- (1) This product has a built-in rechargeable battery. Don't put it in water or fire.
- (2) When the product is overheating, smoking, peculiar smell and other abnormal conditions, please stop using it immediately, and ensure that the connection with the computer does not burn.
- (3). Please do not disassemble, modify or repair the product by yourself, otherwise the guarantee won't be granted if the fault occurs

PRODUCT USAGE

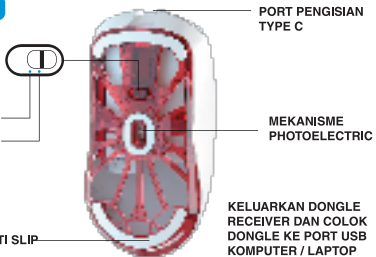

When you receive the product, if you cannot use it, please charge it. When charging, the mouse light will flash slowly. It takes about 2-4 hours for a charge, and it will be used continuously for about 40 hours.

PARAMETER TEKNIS

MOUSE GAMING NIRKABEL

Model number : INNO X1	NOMINAL TEGANGAN/ARUS : 3.7V 8mA
TIPE PENGISIAN : USB	UKURAN PRODUK : 119*61*40mm
DPI : 400- 26000	KAPASITAS BATERAI : 300 mAh
JANGKAUAN NIRKABEL : 10m	MEKANISME KERJA : PHOTOELECTRIC
TIPE BATERAI : DAPAT DI ISI ULANG	ANTARMUKA PENGISIAN : Type-C
TEKNOLOGI NIRKABEL : 2,4GHz	MENDUKUNG ERGONOMIS : YA

KEAMANAN PENGGUNA

1. Produk ini memiliki baterai yang dapat diisi ulang. Jangan dimasukkan ke dalam air atau api
2. Harap segera hentikan penggunaan, apabila produk terlalu panas, berasap dan mengeluarkan bau aneh, serta pastikan koneksi dengan komputer tidak terbakar
3. Garansi akan hangus jika dilakukan pembongkaran, modifikasi atau melakukan perbaikan terhadap produk

TENTANG PENGGUNAAN PRODUK

Apabila produk yang diterima tidak dapat digunakan, harap isi penuh daya. Ketika mengisi daya, mouse akan berkedip perlahan. Butuh sekitar 2-4 jam untuk mengisi daya sampai penuh, dan dapat digunakan terus dalam waktu 40 jam kedepan.
